

Bonaire Dive Into Summer features four full months (June-September) of activities for divers, adventurers and sun seekers. With a long standing history as a leader in marine conservation, Bonaire, together with the world, is celebrating the International Year of the Reef. With the recent designation by NOAA as having the "healthiest reefs in the Caribbean," Bonaire will continue doing its part in keeping the planet healthy for future generations to enjoy.

Summer-Long Savings & Photo Fun: take advantage of fantastic hotel specials for divers, families, solo travelers and more (see back of flyer for more information).
